GIRL SCOUTS Forever green

Get Involved • Make a Difference

What matters most to girls in America? Girl Scouts of the USA recently asked that question and the overwhelming response was: the environment. It was that passionate reply that led GSUSA to develop and launch

GIRL SCOUTS Forever greens

Girl Scouts Forever Green is a large-scale community action project where girls will discover themselves, connect with others and take action by implementing a project that benefits both the environment and their community with lasting, sustainable change.

Most girls are already taking steps in the right direction; recycling at school, planting gardens, using energy more efficiently and educating others. If you are working on a project, or want to get involved, we want to hear from you!

We have Girl Scouts Forever Green project guides available with more information, ideas, resources and ways to get started on your community action project today!

Please contact Erin Huerter by phone or email, 877.447.5558 or
ehuerter@girlscoutsnebraska.org.
