Beyond   
OUR World  
ASTRONOMY CLUBS

**D**o you gaze off into the night sky, wondering about the stars and planets? Can you spot constellations? Does the thought of extra-terrestrial life fascinate you? Are you inspired by the cosmos? If so, you are perfect for the new Beyond Our World Astronomy Clubs in Nebraska! Clubs will meet four times a year, and girls will explore space science through crafts, field trips, guest speakers, star parties, and more.

Clubs in Chadron, North Platte, or Omaha will begin meeting in January 2019. And if you don't live near one of these cities, be a go-getter and start your own Beyond Our World Astronomy Club so girls in your community can learn and share their passion for space science, too.

## HOW TO JOIN A CLUB

Visit "Programs" at [GirlScoutsNebraska.org](http://GirlScoutsNebraska.org) to register for a Beyond Our World Astronomy Club nearest to you to activate your membership. Then sign up for club meetings you can attend.

**Membership** ..\$10 per year, includes T-shirt (and patch after attending two club meetings)

**Meetings** .....\$5 each, includes activities and snack

## 2019 MEETING DATES
