My Cookie Team

How are butterfly wings, peacock feathers, seashells, and lightning alike? They’re all patterns in nature. A pattern is when something repeats itself, like a checkerboard or stripes on a tiger. Nature is a talented artist! It uses patterns, based in math, in many creations. In this badge, explore patterns found in nature and use math to create your own.

Steps
1. Identify symmetry in nature
2. Explore bilateral symmetry in nature
3. Create nature-inspired art with circular symmetry
4. Find fractals in nature
5. Search for the Fibonacci sequence

Purpose
When I’ve earned this badge, I’ll know about symmetry, fractals, and the Fibonacci sequence. I’ll have identified and made patterns inspired by nature.

Junior Shapes in Nature

This badge is part of the Math in Nature series of three badges.
