Distribute Total Booth Sales

If at any time you need to edit a booth distribution, you can return to the Smart Booth Divider Screen and cancel the distribution and redistribute the cookies to Girl Scouts. At the conclusion of your sale if you wish to divide ALL Booth sales at one time, you can distribute all booth sales by clicking the Distribute Total Booth Sales. This will cancel all previous distributions, but keep all totals sold for each booth.

Troop Site Orders in Digital Cookie

Once a troop has set up the troop site in Digital Cookie, the troop can offer delivery orders or pick-ups at existing booth sales. Please see instructions below on how to view orders and allocate to girls. These orders will be managed in the booth reservations section of Smart Cookies using the Smart Booth Divider.

Troop Orders for Delivery

To view orders in Digital Cookie, run the All Orders Report and filter for orders with the first name Troop XXX and last name Site. These will be orders generated from the troop link. Only orders approved by the site lead will import into Smart Cookies. You can view orders in the Smart Cookies Booth Credit Card Payment Export report and filter for delivery orders.

Click on the ellipse at the end of the row and use the Smart Booth Divider to allocate the cookies to girls. Once this has been completed the inventory will be removed from the troop available inventory.

Rewards

Recognition Orders must be created so the Girl Scouts receive all of their earned recognitions based on sales and booth credit.

Recognition Order

Troops must create the recognition order on or before the council published due date for recognitions. The order will automatically assign each girl the earned recognitions once the order is created. Once an order is created, the troop can go back through to the Manage Recognition Orders screen to edit the order.

- Navigate to Rewards>Create Reward Order.
- Select the Order Type – available type will depend on council set up and dates.

The screenshot shows the 'Smart Cookies' logo on the left, with a navigation bar containing: Dashboard, My Troop, Orders, Booth, Rewards, Finances, Reports, Cookies, Tips & Tools, Resources, and Help. The main content area is titled 'Recognition Order' and 'Troop: 22222'. Below this, there is a label 'Order Type:' followed by a dropdown menu. The dropdown menu is open, showing three options: 'Select Recognition Order' (highlighted), 'Select Recognition Order', and 'Main'.

- Once you select the order, the system will generate the recognition order.
- If a red triangle appears on any row, action is required to complete the order. The actions are either a choice between multiple items or sizes for apparel.

- Promising practice is to wait to create the recognition order until after all transfers to girls are complete. If the order is created earlier and additional transfers are made, the order will update to award the girl(s) any additional recognitions. This may trigger a need to review needed action items.

Manage Recognition Orders

Once an Recognition order is created and saved, any changes must be managed through the Manage Recognition Orders page. Navigate to Reward>Manage Recognition Orders.
